Tev Nicolas

Full Stack Web Developer

tevnicolas@alum.calarts.edu | (661) 621-1467 | GitHub | LinkedIn | Laguna Niguel, CA

Technical Skills and Tools

Strong: TypeScript, JavaScript (ES5/ES6), HTML5, CSS3, DOM Manipulation, Flexbox
Experienced: React, Node.js, Express.js, PostgreSQL, AJAX, JSON, REST APIs
Tools: Git, Github, VS Code, Figma, Slack, npm, Webpack, Babel, Chrome Dev Tools, AWS

Applications Developed

RedactedGPT | *A full stack web application designed for security-conscious professionals, enabling safe AI analysis of text data by incorporating redaction of sensitive information.* | **Github - Live**
- Developed a responsive front-end using **TypeScript**, **React**, and **Tailwind CSS**.
- Built a robust back-end on **AWS**, leveraging **Node.js**, **Express.js**, and a **PostgreSQL** database.
- Integrated **Microsoft Presidio** for machine learning-powered text redaction, allowing safe usage of **OpenAI**'s **API** with filtered data.
- Designed sitemap using **Figma** and managed data efficiently with **JSON**, storing account data in a database for logged-in users and guest data in session storage.

Your Climate Future | *Application that allows users to get future climate data and a unique analysis regarding future habitability on any location up to the year 2100.* | **Github - Live**
- Utilized **HTML 5**, **CSS 3**, and **Typescript** to create a responsive front-end design
- Leveraged asynchronous data collection using public **REST APIs** to gather climate predictions
- Designed sitemap using **Figma**'s wireframing tools, and managed session data using **JSON**

Professional Experience

Audio Engineer | *Laguna Sound*   July 2023 - Nov 2023 | Laguna Beach
- Collaborated with a team of sound engineers, leveraging collective expertise to record and produce a diverse range of client projects.
- Demonstrated technical adaptability for projects spanning various genres and formats, including audiobooks, voiceovers, musical arrangements, and podcasts

Lead Video Editor | *Primal Herb*   June 2017 - July 2019 | Santa Clarita
- Led video editing for Primal Herb's commercials and social media, creating engaging promotional materials for their health product line.
- Used Final Cut Pro X, Adobe After Effects, and Adobe Lightroom extensively in the creation and production of video content.

Education

Accelerated Web Development Program | *Learning Fuze*
- Dedicated over 800+ total hours of programming (10-12 hours/day) in a simulated Agile work environment over the 14 week program.
- Collaborated with developers in three separate hackathons to create minimum viable products

Bachelor of Fine Arts Degree in Music | *California Institute of the Arts*
